Subject: Revised project sheet - N01143

Dear Valerie,

Please find enclosed an updated project sheet for the project N01143.

N01143 Sapphire rev
29March01....

The key changes are the target dates - they are moved back by two months since the contract was signed in February instead of December last year. Other changes include the project leader and internal resources required.

Please let me know if you have any queries.

Regards,

Raymond
